

Optical Fiber Cable

INDOOR DISTRIBUTION FIBER

Certification:

- UL/cUL listed OFNR/FT4

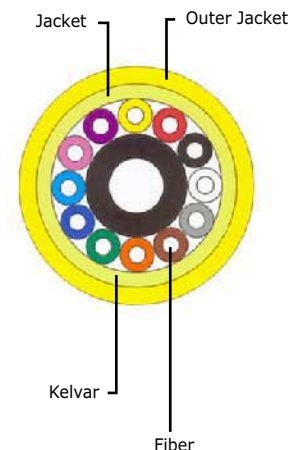

Reference Standard:

- Bellcore GR-409-CORE, TIA/EIA-568-B.3

Features:

- Available with single mode and multimode fiber 50/125, 62.5/125um
- Available up to 12 fibers for both light and heavy duties
- Quick termination to connectors
- Color-code tight buffering for easy handling
- UL and cUL listed
- OFNR/FT4 for riser intra-building horizontal cabling

Product Code	Product Description
EX 2-120 OE 4-C INDOOR FIB	FIB Multimode 4 Core 62.5/125um
EX 2-120 OE 6-C INDOOR FIB	FIB Multimode 6 Core 62.5/125um
EX 2-120 OE 12-C INDOOR FIB	FIB Multimode 12 Core 62.5/125um

OUTDOOR LOOSE TUBE FIBER

Features:

- PE single jacket
- Inter-building runs: aerial lashing, outside tray, underground conduit
- Inter-building runs: riser applications
- Dry construction for ease of termination
- Color coded fibers for easy identification
- OFNR riser rated for outdoor use
- Subunit tubes flooded with gel for water blocking
- Full water blocking properties for use outdoors and to make cable preparation easier for termination

Product Code	Product Description
EX 2-210 OE 6-C OUTDOOR FIB	Singlemode 6 Fiber Loose Tube 9/125um
EX 2-210 OE 12-C OUTDOOR FIB	Singlemode 12 Fiber Loose Tube 9/125um
EX 2-220 OE 6-C OUTDOOR FIB	Multimode 6 Fiber Loose Tube 62.5/125um
EX 2-220 OE 12-C OUTDOOR FIB	Multimode 12 Fiber Loose Tube 62.5/125um
